This file consists of families with children across America. The file is selectable by children's age groups. Parents are an extremely large market and are spending an ever increasing amount on their children. This file is not compiled and the hotline guarantees you are reaching them at the right time. This list is a great target for credit offers, insurance, travel, catalogs, children's products, sweepstakes, and much more.

• *Our consumer data is continuously updated and processed against both the USPS National Change of Address (NCOA) and Delivery Sequence File (DSF), producing a database that is highly deliverable (93% or better in most cases). The information is also carrier route and ZIP+4 coded using the USPS certified Coding Accuracy Support System (CASS).*

• *Selections are available through our unique multifaceted data overlay approach which appends information to transactional data using credit, public record, survey and census data information.*
