Debt can be a serious weight on ones shoulders; especially when it gets out of control and the bills start rolling in. It could make you want to scream. People need help and direction in this department to eliminate or at least start down the right path. They have found their way here where they can signup and be contacted by debt counselors. The names on this list have not yet been available for direct mail or telemarketing. First time to market and we get them every month exclusively. A must test for any debt consolidation or credit related offer.

• *Our consumer data is continuously updated and processed against both the USPS National Change of Address (NCOA) and Delivery Sequence File (DSF), producing a database that is highly deliverable (93% or better in most cases). The information is also carrier route and ZIP+4 coded using the USPS certified Coding Accuracy Support System (CASS).*

• *Selections are available through our unique multifaceted data overlay approach which appends information to transactional data using credit, public record, survey and census data information.*
