• Our consumer data is continuously updated and processed against both the USPS National Change of Address (NCOA) and Delivery Sequence File (DSF), producing a database that is highly deliverable (93% or better in most cases). The information is also carrier route and ZIP+4 coded using the USPS certified Coding Accuracy Support System (CASS).

• Selections are available through our unique multifaceted data overlay approach which appends information to transactional data using credit, public record, survey and census data information.
